DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-7 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Specifically, it is not clear what is the claimed structure. However, "wherein ink is prepared" is not a part of the structure. Also, "ink tack can be measured" is indefinite. It appears that applicants claim paper for printing but at the same time list a properties measured after printing? "set-off density" can be measured" is indefinite.

The closest prior art references are USP'047, '031, '413, '794.

Claim 8 have been allowed in view of the prior art of record.
